smart light.

PEOPLE LIGHT OUR WAY

# AIMIA

Intelligence that shines.

As an intelligent adaptive spotlight, **AIMIA** is revolutionising lighting technology in exhibitions and retail spaces. With its integrated sensor, it precisely detects the colours and characteristics of the illuminated objects and automatically adjusts its light colour and intensity – every exhibit shines in perfect, individual light.

The simple, elegant design of **AIMIA** blends harmoniously into any environment without drawing attention to itself, while its advanced technology acts as a hidden strength that subtly reveals true sophistication.

## Innovative lighting technology

---

**AIMIA** offers innovative W+RGB COB LED technology for a versatile light spectrum from 2'700 to 6'500 K. With a CRI value of  $\geq 95$ , it ensures impressive colour rendering – ideal for ideal product presentations.

## Individually customisable via app

---

The **AIMIA** app makes configuration effortless. With just a few targeted adjustments, the spotlights are ideally matched to individual requirements and ready to perfectly showcase any exhibit.

## Compact performance for powerful results

---

Thanks to an output of 30 watts and an impressive brightness of 2'500 lumens, **AIMIA** delivers an impressive level of powerful illumination.

### **MIA without AI**

---

Some areas do not require intelligent lighting for constantly changing exhibits. For these situations, the **MIA** luminaire is the perfect addition to the line. It blends seamlessly into the presentation visually and completes the overall package as an uncomplicated spotlight that is equipped with multi-lumen and can be set to 3 levels directly on the luminaire using a switch.

### **Adaptive, intelligent lighting**

---

**AIMIA** revolutionises the staging of objects with automated lighting. Thanks to an intelligent colour recognition system and AI technology, the light spectrum is automatically adapted to the respective products. This optimises the illumination, improves the customer experience and simplifies the constantly changing presentations.

# AIMIA

## Product range overview

<b>Beam angle</b>
24°, 36° or 60°
<b>Diameter</b>
80 mm
<b>Luminaire luminous flux</b>
2'500 lm
<b>Colour temperature</b>
2'700–6'500 K
<b>Colour renderings</b>
CRI ≥95
<b>Colour</b>
White or Black
<b>Light control</b>
On/off or via app [Bluetooth]
<b>Protection class</b>
Protection class I, IP20
